## 1. Aims and objectives

Our special educational needs and disabilities (SEND) policy aims to:

- Make sure our school fully implements national legislation and guidance regarding pupils with SEND
- Set out how our school will:
  - Support and make provision for pupils with special educational needs and disabilities
  - Provide pupils with SEND access to all aspects of school life so they can engage in the activities of the school alongside pupils who do not have SEND
  - ○ Help pupils with SEND fulfil their aspirations and achieve their best
  - ○ Help pupils with SEND become confident individuals living fulfilling lives
  - Communicate with pupils with SEND and their parents or carers and involve them in discussions and decisions about support and provision for the pupil
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND
- Communicate with, and involve, pupils with SEND and their parents or carers in discussions and decisions about support and provision for the pupil
- Make sure the SEND policy is understood and implemented consistently by all staff

## 2. Vision and values

Our vision is that every child, regardless of their individual needs or starting points, experiences high-quality teaching and learning through a broad, ambitious and inclusive curriculum. Every teacher at our school is a teacher of everyone; by this we mean that high-quality teaching is the first response to supporting all children to thrive. When we talk about children at our school thriving, we mean that our children are equipped with everything that they need to live in an ever-changing world. Every lesson that is taught is delivered with the aim and ambition that children thrive for life not just for their time with us. Every child who attends our school gets the best possible deal.

Children with SEND and those who are identified as vulnerable/disadvantaged are provided with adapted and responsive methods to ensure they learn alongside their peers in line with the graduated approach of Assess, Plan, Do, Review. Through early identification staff have a secure understanding of barriers to learning and how to meet individual needs through adaptive approaches. We are committed to closing learning gaps whether this be academically or socially and emotionally and ensuring that pupils with SEND and those who are vulnerable/disadvantaged have full access to the whole curriculum, enabling them to make progress alongside their peers.

Our practice is rooted in the belief that all pupils should feel they are valued members of the school community, with a strong sense of belonging, purpose and contribution.

Through a balance of nurture, high expectations and targeted support, we aim to equip pupils with the skills, knowledge and confidence to thrive both academically and socially, preparing them for the next stage in their education. Every child will be fully involved in the life of the school, experiencing success, building relationships and developing independence within an inclusive environment that celebrates diversity and promotes equity.

Families are fully involved to ensure they understand how to support their child and how the provision provided at school is supporting them.

### 3. Legislation and guidance

This is based on the statutory guidance [Special Educational Needs and Disability \(SEND\) Code of Practice](#), [Keeping Children Safe in Education](#) and [working together to improve school attendance](#).

This policy is also based on the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEND
- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the special educational needs (SEN) information report
- The [Equality Act 2010](#) (section 20), which sets out the school's duties to make reasonable adjustments for pupils with disabilities
- The [Public Sector Equality Duty](#) (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good relations between people who share a protected characteristic (which includes having a disability) and those who don't share it
- The governance guide for [academy trusts](#) which sets out governors' & trustees' responsibilities for pupils with SEND
- The [School Admissions Code](#), which sets out the school's obligation to admit all pupils whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs

This policy also complies with our funding agreement and articles of association.

### 4. Inclusion and equal opportunities

At our school we strive to create an inclusive teaching environment that offers all pupils, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

We will achieve this by making reasonable adjustments to teaching, the curriculum and the school environment to make sure that pupils with SEND are included in all aspects of school life.

### 5. Definitions

#### 5.1 Special educational needs

A pupil has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or

➤ A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

**Special educational provision** is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

## 5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

## 5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil’s particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	<p>Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication.</p> <p>Pupils who are on the autism spectrum often have needs that fall in this category.</p>
Cognition and learning	<p>Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including:</p> <ul style="list-style-type: none"> <li>• Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia</li> <li>• Moderate learning difficulties</li> <li>• Severe learning difficulties</li> <li>• Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment</li> </ul>

Social, emotional and mental health	<p>These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have:</p> <ul style="list-style-type: none"> <li>• Mental health difficulties such as anxiety, depression or an eating disorder</li> <li>• Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder</li> <li>• Suffered adverse childhood experiences</li> </ul> <p>These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.</p>
Sensory and/or physical	<p>Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided.</p> <p>Pupils may have:</p> <ul style="list-style-type: none"> <li>• A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment</li> <li>• A physical impairment</li> </ul> <p>These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.</p>

## 6. Roles and responsibilities

### 6.1 The SENCO

The SENCO at our school is Mrs Kirstie Smith [sendco.wfis@sfet.org.uk](mailto:sendco.wfis@sfet.org.uk) (Maternity Leave) Mrs Katie Muir (Acting SENDCo) [sendco.wfis@sfet.org.uk](mailto:sendco.wfis@sfet.org.uk) Contact Number: 02083940647

They will:

- Inform any parents that their child may have SEN and then liaise with them about the pupil's needs and any provision made
- Work with the headteacher and SEN governor to determine the strategic development of the SEND policy and provision in the school
- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEN, including those who have EHC plans
- Provide professional guidance to colleagues and liaise and work with staff, parents, and other agencies to make sure that pupils with SEN receive appropriate support and high-quality teaching
- Advise on the graduated approach to providing SEN support and differentiated teaching methods appropriate for individual pupils
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively

- Be a point of contact for external agencies, especially the local authority (LA) and its support services, and work with external agencies to ensure that appropriate provision is provided
- Liaise with potential next providers of education to make sure that the pupil and their parents are informed about options and that a smooth transition is planned
- When a pupil moves to a different school or institution: Make sure that all relevant information about a pupil's SEN and the provision for them are sent to the appropriate authority, school or institution in a timely manner
- Work with the headteacher and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Make sure the school keeps its records of all pupils with SEND up to date and accurate
- With the headteacher, monitor to identify any staff who have specific training needs regarding SEN, and incorporate this into the school's plan for continuous professional development
- With the headteacher, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer
- Prepare and review information for inclusion in the school's SEN information report and any updates to this policy
- With the headteacher and teaching staff, identify any patterns in the school's identification of SEN, both within the school and in comparison with national data, and use these to reflect on and reinforce the quality of teaching

## 6.2 The governing board

The governing board is responsible for making sure the following duties are carried out, though the duties can be delegated to a committee or an individual:

- Co-operate with the LA in reviewing the provision that is available locally and developing the local offer
- Do all it can to make sure that every pupil with SEND gets the support they need
- Make sure that pupils with SEND engage in the activities of the school alongside pupils who don't have SEND
- Inform parents when the school is making special educational provision for their child
- Make sure that the school has arrangements in place to support any pupils with medical conditions
- Provide access to a broad and balanced curriculum
- Have a clear approach to identifying and responding to SEND
- Provide an annual report for parents on their child's progress
- Record accurately and keep up to date the provision made for pupils with SEND
- Publish information on the school website about how the school is implementing its SEND policy, in a SEN information report

- › Publish information about the arrangements for the admission of disabled children, the steps taken to prevent disabled children being treated less favourably than others, the facilities provided to assist access of disabled children, and the school's accessibility plans
- › Make sure that there is a qualified teacher designated as SENCO for the school and that the key responsibilities of the role are set out, and monitor the effectiveness of how these are carried out
- › Determine their approach to using their resources to support the progress of pupils with SEND

### **6.3 The SEND link governor**

The SEND link governor is Gemma Casey ([gcasey@sfet.org.uk](mailto:gcasey@sfet.org.uk))

The SEND governor will:

- › Help to raise awareness of SEND issues at governing board meetings
- › Monitor the quality and effectiveness of SEND provision within the school and update the governing board on this
- › Work with the headteacher and SENCO to determine the strategic development of the SEND policy and provision in the school

### **6.4 The headteacher**

The headteacher will:

- › Work with the SENCO and SEND link governor to determine the strategic development of the SEND policy and provision within the school
- › Work with the SENCO and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- › Have overall responsibility for, and awareness of, the provision for pupils with SEND, and their progress
- › Have responsibility for monitoring the school's notional SEND budget and any additional funding allocated by the LA to support individual pupils
- › Make sure that the SENCO has enough time to carry out their duties
- › Have an overview of the needs of the current cohort of pupils on the SEND register
- › Advise the LA when a pupil needs an EHC needs assessment, or when an EHC plan needs an early review
- › With the SENCO, monitor to identify any staff who have specific training needs regarding SEN, and incorporate this into the school's plan for continuous professional development
- › With the SENCO, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer
- › With the SENCO and teaching staff, identify any patterns in the school's identification of SEN, both within the school and in comparison with national data, and use these to reflect on and reinforce the quality of teaching

## 6.5 Class teachers

Each class teacher is responsible for:

- Planning and providing high-quality teaching that is differentiated to meet pupil needs through a graduated approach
- The progress and development of every pupil in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions, and consider how they can be linked to classroom teaching
- Working with the SENCO to review each pupil's progress and development, and decide on any changes to provision
- Ensuring they follow this SEND policy and the SEN information report
- Communicating with parents regularly to:
  - Set clear outcomes and review progress towards them
  - Discuss the activities and support that will help achieve the set outcomes
  - Identify the responsibilities of the parent, the pupil and the school
  - Listen to the parents' concerns and agree their aspirations for the pupil

## 6.6 Parents or carers

Parents or carers should inform the school if they have any concerns about their child's progress or development.

Parents or carers of a pupil on the SEND register will always be given the opportunity to provide information and express their views about the pupil's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to termly meetings to review the provision that is in place for their child
- Asked to provide information about the impact of SEN support outside school and any changes in the pupil's needs
  - Given the opportunity to share their concerns and, with school staff, agree their aspirations for the pupil
- Given an annual report on the pupil's progress

The school will take into account the views of the parent or carer in any decisions made about the pupil.

## 6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

## 7. SEN information report

The school publishes a SEN information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

## 8. Our approach to SEND support

### 8.1 Identifying pupils with SEND and assessing their needs

Our vision is that every child, regardless of their individual needs or starting points, experiences **high-quality teaching and learning through a broad, ambitious and inclusive curriculum**. Every teacher at our school is a teacher of everyone; by this we mean that high-quality teaching is the first response to supporting all children to thrive. When we talk about children at our school thriving, we mean that our children are equipped with everything that they need to live in an ever-changing world. Every lesson that is taught is delivered with the aim that children thrive for life not just for their time with us. Every child who attends our school gets the best possible deal.

We have defined High Quality teaching as:

Throughout the Early Years Foundation Stage and Key Stage 1 the children are assessed against nationally set criteria on a termly basis to check their progress across all areas of Learning/subjects. For key identified pupils they are assessed on a half termly basis to closely monitor steps of progress. It is through this process that children who are not making expected progress are highlighted.

Class teachers will regularly assess the progress of all pupils and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with adapted, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENCO to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEN for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEN
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

## **8.2 Consulting and involving pupils and parents**

The school will put the pupil and their parents at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account any concerns the parents have
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents if it is decided that a pupil will receive special educational provision.

### **8.3 The graduated approach to SEN support**

Once a pupil has been identified as having SEN, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

#### **1. Assess**

The pupil's class teacher and the SENCO will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

#### **2. Plan**

In consultation with the parents and the pupil, the teacher and the SENCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on the pupils SEND plan and our management information system (Arbour).

Parents will be fully aware of the planned support and interventions and may be asked to reinforce or contribute to progress at home.

#### **3. Do**

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENCO will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

#### **4. Review**

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents and pupils
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENCO will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

## 8.4 Levels of support

### School-based SEN provision

Pupils receiving SEN provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

### Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEN provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

## 8.5 Evaluating the effectiveness of SEN provision

At Wallace Fields Infant School and Nursery we work closely to constantly review and evaluate the effectiveness of the SEND provision in place. This is done formally half termly during pupil progress meetings with the class teachers, year group leader, SENDCo and headteacher. We evaluate the effectiveness of provision for pupils with SEN by:

- › Tracking pupils' progress, including by using provision maps
- › Carrying out the review stage of the graduated approach in every cycle of SEN support
- › Using pupil questionnaires
- › Monitoring by the SENCO
- › Holding annual reviews for pupils with EHC plans
  - › Getting feedback from the pupil and their parents

## 8.6 Attendance

- › Many pupils with SEND face complex barriers to attendance. Their right to an education is the same as any other pupil and therefore the attendance ambition for these pupils is the same as it is for any other pupil. However, they may need additional support.
- › Our approach to supporting pupils who are absent from school due to their SEND is set out in our attendance policy.

## 8.7 Safeguarding

- › We recognise that pupils with SEND can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers, and additional barriers can exist when recognising abuse, exploitation and neglect in this group.
- › For more details of the pastoral support we offer pupils with SEND, and the support we provide to help pupils overcome any communication barriers they face, see our safeguarding/child protection policy.

## 9. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and the SENCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

## 10. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary the school will work with external support services such as:

- Speech and language therapists
- Autism Outreach Service e.g. Freemantles
- Specialist teachers or support services (StiPS)- Behaviour Support or Learning Language Support
- Educational psychologists
- Occupational therapists, speech and language therapists or physiotherapists
- General practitioners or pediatricians
- School nurses
- Mindworks, Primary Mental Health Workers.
- Education welfare officers
- Social services
- The Virtual School

## 11. Admission and accessibility arrangements

### **The Equality Act 2010 states that**

#### **Disabled children**

- A school must not discriminate against a pupil in the arrangements that it makes for admitting a child
- A school must not discriminate against a pupil in the education it provides for a pupil
- A school must not discriminate against services or benefits that are provided for the pupil

As a school we make reasonable adjustments to support children with disabilities. Reasonable adjustments can be defined as 'to take such steps as it is reasonable to have to take to avoid the substantial disadvantage' to a disabled person caused by a provision, criterion or practice applied by or on behalf of a school or by the absence of an auxiliary aid or service.

In the Equality Act 2010 as a whole there are three elements to the reasonable adjustments duty that relate to:

- Provisions, criteria and practices
- Auxiliary aids and services
- Physical features.

## 11.1 Admission arrangements

For more information please make reference to the admissions policy.

### 2. Exceptional social/medical need

- Occasionally there will be a very small number of children for whom exceptional social or medical circumstances apply which will warrant a placement at this school. The exceptional social or medical circumstances might relate to either the child or the parent/carer. Supporting evidence from a professional is required such as a doctor and/or consultant for medical cases or a social worker, health visitor, housing officer, the police or probation officer for other social circumstances. This evidence must confirm the circumstances of the case and must set out why the child should attend this school and why no other school could meet the child's needs.
- Providing evidence does not guarantee that a child will be given priority at this school and in each case a decision will be made based on the merits of the case and whether the evidence demonstrates that a placement should be made at this school above any other.
- Common medical conditions and allergies can usually be supported in all mainstream schools, therefore priority under the school's exceptional medical criterion would not normally be given for these. In addition, routine child-minding arrangements would not normally be considered to be an exceptional social reason for placement at this school.

Any pupil whose EHC plan legally names the school, who does not already attend the setting will have been placed by the Surrey SEND admissions team and the SENDCo and Headteacher will make contact with the pupils family to arrange the admissions and transition process to ensure that the pupil has a successful start to school.

## 11.2 Accessibility arrangements

### **The Equality Act 2010 states that:**

- A school must not discriminate against a pupil in the arrangements that it makes for admitting a child
- A school must not discriminate against a pupil in the education it provides for a pupil
- A school must not discriminate against services or benefits that are provided for the pupil

As a school we make reasonable adjustments to support children with disabilities. Reasonable adjustments can be defined as 'to take such steps as it is reasonable to have to take to avoid the substantial disadvantage' to a disabled person caused by a provision, criterion or practice applied by or on behalf of a school or by the absence of an auxiliary aid or service.

In the Equality Act 2010 as a whole there are three elements to the reasonable adjustments duty that relate to:

- Provisions, criteria and practices
- Auxiliary aids and services
- Physical features.

Some examples of how reasonable adjustments that might be made would be.. Example 1

A deaf child attends primary school with the regular support of a teaching assistant and twice-weekly visits from a peripatetic teacher of the deaf. Although she is severely deaf, the child's spoken language and use of English is well-established. She wears a personal FM system (radio aid) in all lessons. These auxiliary aids and services are provided through the SEND framework. The use of the aids is covered by the disability discrimination duties. If, for example, a teacher were to refuse to use the radio microphone, it is likely that this would be unlawful under the disability discrimination duties.

[Example 6.20A]

#### Example 2

The school is going to admit a five-year-old girl with a rare syndrome involving moderate learning difficulties, poor muscle tone, and speech and language difficulties. The head teacher consults the child's mother and a local voluntary organisation and devises a series of short training events drawing on local expertise. The training enhances staff knowledge and confidence and the girl has a positive start to school. This is likely to be a reasonable step to take to prevent the pupil from being placed at a substantial disadvantage.

[Example 6.17A]

Where a child has been identified as being disabled. The school will work closely with the parents and child to draw up a health plan which will be suited to the needs of the child and will outline...

- Details of the disability
- How the child will be best supported
- Adjustments that will need to be made to learning or the environment

Where a child is registered disabled they may also have SEND but not always. Reference should be made to provision and practice in relation to SEND previously outlined in this policy.

Please make reference to the accessibility plan, which can be located on our school website. For further information on how we aim to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment to enable disabled pupils to take better advantage of the education, benefits, facilities and services you provide.
- Improve the availability of accessible information to disabled pupils.

## 12. Complaints about SEND provision

Where parents have concerns about our school's SEND provision, they should first raise their concerns informally with the [class teacher/SENCO/headteacher]. We will try to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the headteacher. in the first instance. They will be handled in line with the school's complaints policy which is available to view on the schools website or by contacting the school office.

If the parent or carer is not satisfied with the school's response, they can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of](#)

[Practice.](#)

## 13. Monitoring and evaluation arrangements

### 13.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1. This policy is under continuous review in relation to the current updates within the Local Authority and Government. However, is formally reviewed annually.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of pupils with SEND at the start of the autumn term
- How early pupils are identified as having SEND
- Pupils' progress and attainment once they have been identified as having SEND
- Whether pupils with SEND feel safe, valued and included in the school community ➤ Comments and feedback from pupils and their parents

### 13.2 Monitoring the policy

This policy will be reviewed by the Headteacher and SENDCo annually. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the full governing board.

## 14. Links with other policies and documents

This policy links to the following documents:

- SEN information report
- Accessibility plan
- Behaviour policy
- Equality information and objectives
- Supporting pupils with medical conditions policy
- Attendance policy
- Safeguarding / child protection policy
- Complaints policy
