

My Forest School Day

Sophie T - Owl Class

First, we went to the field and we played 'nut, nut, squirrel'. It was very fun and we were in groups.

Next, we did a scavenger hunt. We got a sheet and worked in pairs. I was in a pair with Mia.

Then we did litter picking in the field and the Octo-Garden. It was very dirty so I didn't pick up too much!

After that, I went to the chickens' pen and I went inside it too! Guess what we fed the chickens? It was worms! I found a giant worm. We tried to get it but it wriggled away through a hole it made. I was very glum. It would be good if we caught the giant worm because it would be a treat for the chickens.

Finally, we got to our classroom. Do you know what we drank? We drank hot chocolate!
